Calculator Use. Find the unit rate or unit price with this calculator. A rate is a ratio comparing quantities of different items. A unit rate is a rate with 1 in the denominator. If you have a rate, such as price per some number of items, and the quantity in the denominator is not 1, you can calculate unit rate or price per unit by completing the division operation: numerator divided by ...

Unit Rate Calculator

In math, the word unit can be defined as the rightmost position in a number or the one's place. Here, 3 is the unit's number in the number 6713. A unit may also mean the standard units used for measurement.

Once students have played the game a few times with Game Board 1, tell them to play the game with Game Board 2. Students can first record their moves on the Number Lines 0–100 Master or sketch number lines showing only the fives and tens from 0 to 100. When students are comfortable recording their moves, they can use a marker to track the sums on their desk number lines.
