Dichotomous Key to Salamanders Introduction: A dichotomous key is constructed of a series of couplets, each consisting of two separate statements. For example: couplet 1. Seeds round soybeans 1. Seeds oblong 2 (this statement indicates that you go to couplet “2”) couplet 2. Seeds white northern beans 2. Seeds black black beans ... Continue reading "Salamander Key"

Salamander Key - BIOLOGY JUNCTION

Biology, while super informative and exciting to science junkies, can be a little dry. It can also be pretty intimidating. However, we’re going to look at the light side: biology jokes! We definitely need to insert humor into biology. However, not literally into our biology. That could be painful. Or gassy. We’ve scoured the web ...
