Techna NDT was established in 2004 to provide quality nondestructive testing (NDT) equipment for the airline industry. Our staff has more than 25 years experience designing, testing, and manufacturing NDT technologies.

About Techna NDT | Techna NDT

That's why MAC® offers large, automated multi-test systems that combine different NDT technologies and controls to provide a totally automated, integrated inspection system. By combining different tests, such as Eddy Current, Ultrasonic and/or Flux Leakage in one system, each technology detects the conditions that it is best suited to find.
