### **Cleaning Up A Silo Story**

Cleaning is part 2 (after The Sky Used to be Blue) of a Woolverse story about Karma. Karma is one of the first residents of the silo, and in Cleaning we see how the punishment of "cleaning" develops. I was totally immersed in the story, and it is so, so sad. Especially for a group of young women (teens) who remember what it was like "outside".

Pairing a preventative maintenance cleaning program with a professional silo inspection makes the most sense. The silo inspection will uncover any structural issues in both the interior and the exterior of the silo. A proper cleaning prior to the inspection will help the structural engineer identify any areas of concern from minor cracking to major catastrophic failure.
