Closed Sicilian

The Closed Sicilian is a type of opening that I like to call a "coiled spring" type of opening. White doesn't immediately confront black directly in the center, preferring to slowly build up his forces in the kingside. Then, like a coiled spring, his position starts to gain traction and is making a play for a pawn storm on the kingside.

Simple Dangerous Openings: Closed Sicilian - Chess.com

The Closed Sicilian is a variation of the Sicilian Defense in which white doesn't open the center with an early d2-d4. Instead, white often fianchettoes the light bishop and plans to slowly build up on the kingside. A typical move order for the Closed Sicilian is 1. e4 c5 2. Nc3 Nc6 3. g3

Closed Sicilian - Chess Pathways

The Closed Sicilian used to be an opening for those that wanted to avoid the opening theory of the main line Open Sicilians, I knew it was for me. A few grandmasters played it regularly, the former World Champion Boris Spassky, in particular, as well as many who employed it on a semi-regular basis, but never as their main weapon.

However, the closed variation against the Sicilian Defense has completely vanished lately from the high level tournaments. The days of its maximum popularity are long gone now, and this is probably due to the chess opening trends. After all, it is a solid line and it leads to a complicated and positional struggle, so why not?

Playing Against Closed Sicilian: The Old Recipe

The 2.Nc3 of the Closed Sicilian introduces a slower way of building up. Rather than breaking Black's grip on d4 with a quick d2-d4, White plays 2.Nc3 followed by fianchettoing the king bishop, sometimes with a slow attack on the kingside in mind.
