Article excerpt. Introduction.

Communication is a process in which  
people verbally or non-verbally share  
information and ideas. Non-verbal  
communication can be best defined as a  
silent form of communicating with a  
person or party without using any form  
of speech to grab the attention of  
audience or to exploit a message.

Eye contact is a strong nonverbal cue that serves four functions in communication (Hickson, 2010). First, eye contact regulates the flow of communication by signaling the beginning and end of conversation. Second, eye contact facilitates and monitors feedback, because it reflects interest and attention. Third, eye contact conveys emotion.
