not just for nurses but also for doctors.

Establishing a good assessment would later-on provide a more accurate diagnosis, planning, and better interventions and evaluation, that's why it's important to have a good and strong assessment.

Lyn Vargo Perinatal and neonatal nurses frequently perform the first head-to-toe physical assessment of

Download File PDF Nurse Head To Top

the newborn. Ideally, this examination occurs in the presence of the parents.

Conducting the examination while parents observe allows the nurse to use this time to identify and discuss normal newborn characteristics and note variations.
