History of Europe - History of Europe - The Revolutions of 1848: After adopting reforms in the 1830s and the early 1840s, Louis-Philippe of France rejected further change and thereby spurred new liberal agitation. Artisan concerns also had quickened, against their loss of status and shifts in work conditions following from rapid economic change; a major recession in 1846-47 added to popular ...

This poetic fountain of outrage was prompted by the infamous Peterloo Massacre of 1819 in Manchester, England. The massacre began as a peaceful protest of pro-democracy and anti-poverty and ended with at least 18 deaths and over 700 serious injuries. Within those numbers were innocents; women and children.

Translation is the communication of the meaning of a source language text by means of an equivalent target language text. The English language draws a terminological distinction (which does not exist in every language) between translating (a written text) and interpreting (oral or signed communication between users of different languages); under this distinction, translation can begin only ...
