AmTran's non-school bus products (commercial bus derivatives of school buses) bore the AmTran brand name from 1981. In 1983, the Harmon brothers, two Kansas City-based school bus contractors, purchased a controlling interest of AmTran. The Ward family held no stake in AmTran, instead handling the product distribution, owning a school bus ...

Ward/Amtran Buses

The bus chassis variant of the International S series is a cowléd bus chassis (conventional style) that was produced by International Harvester (later Navistar International) from 1979 to 2004. Produced primarily for school bus applications, the chassis was also produced for other applications, including commercial-use buses and cutaway-cab buses. In addition, the cowléd chassis formed the basis for front-engine and rear-engine stripped chassis produced for bus applications.

International S series (bus chassis) - Wikipedia

Advance Design Truck Identification The serial number consists of a group of numbers and letters which indicate the assembly plant, the model year, the series, the month of assembly, and the number of units (plus 1000) assembled at that plant. EXAMPLE – 3SKB19943 3-SK-B-19943 indicates that the truck was assembled at St. Louis. 1949 model, Series 4400, built [..]
