Identity formation, also known as individuation, is the development of the distinct personality of an individual regarded as a persisting entity (known as personal continuity) in a particular stage of life in which individual characteristics are possessed or by which a person is recognized or known (such as the establishment of a reputation).This process defines individuals to others and ...

Identity formation - Wikipedia

Culture is the shared symbolic systems, and processes of maintaining and transforming those systems. Youth culture differs from the culture of older generations. An emphasis on clothes, popular music, sports, vocabulary, and dating set adolescents apart from other age groups, giving them what many believe is a distinct culture of their own.
