Determine gross charges (volumes x "sticker prices") - Translate gross revenue into net revenue using either a top down or bottoms up approach • Top down - use historic average collection rate (net revenue as percent of gross).

Budgeting Basics 101 - Massachusetts General Hospital

One area that is crucial for healthcare providers to consider is the capital budget. A budget allows an organization to better understand which funds can be spent on a certain project or section, and how much spending should be allotted to each. Creating a sound budget allows for more useful investments and less room for error in purchasing.
